Members are required to complete the CPD Activity Evaluation and Reflection for points to be accrued.

Learning objectives:

	Highly Satisfied	Very Satisfied	Satisfied	Not Satisfied
1. Understand how to explore practical tools and techniques to implement ethical AI in audiology clinics.				
2. Know how to develop strategies to streamline clinic operations and improve efficiency.				
3. Learn how to strengthen in-office branding and patient communication for better engagement.				
4. Gain hands-on experience with emerging technologies to enhance service delivery and patient outcomes.				
Overall, the activity has met my needs in relation to this topic:				

CPD ACTIVITY REFLECTION

<p>What did you learn from this activity?</p>
<p>Describe in at least 25 words how you will apply what you have learnt from this activity to enhance your professional practice as an audiologist:</p>
